Anna Leslie

The Peak Centre

Healthcare	Facilities/Leisure	Overall	In 15 years' time...
The doctors don't do house visits.	There is nothing we can get to at the weekend. I cant even go to church unless I have transport. I dread the weekends. On Friday I get really sad.	I'm happy with what we have. Preserve it.	Too big
Booking appointments at the Surgery can be difficult.	Thank God we have this place. The Peak Centre is our lifeline.	Liphook used to be so pretty. It isnt anymore. Everyone wanted to live in Liphook as it was the nicest village. It used to be a dear little village.	Too busy
Im not sure whether ambulances would be able to get to me because of the traffic.	Peak Centre is fantastic, I was on the waiting list for a while. There is a long waiting list.	It used to be a lovely contented village. You cant call it a village anymore.	Too many houses
The prescription service is unreliable	More spaces at the Peak Centre, there is such a long waiting list.	It's friendly in Liphook and nice	
It's very difficult to get a doctor;s appointment and I don't like how the receptionist determines whether your needs are urgent and whether they need a doctor or not.	The Peak Centre is the only time I get out in the week as the drivers pick me up from the house. Moving about is really difficult. Other than the Peak Centre I don't get out.	Liphook in Bloom is fantastic and what they do with the flowers in the village.	
	More police presence.		
	I'd like there to be meals on wheels.		
	There is a knitter and natter on Monday which is great.		
	The free parking in the village is good.
